

Instructions

Operation:

1. Open and close by pushing snib on deflector.
2. On longer ventilators it may be necessary to click shut both ends.
3. Do not block ventilator or external canopy/grille.

* Keep vent open as much as possible for a healthy indoor environment *

Maintenance:

1. Wipe Ventilator (and Canopy/Grille if accessible) clean with a damp cloth. Frequency will depend on local conditions.
2. Clean away blockages with a soft brush.
3. Do not lubricate
