

SF Xtra Vent

Surface mounted ventilator

SF Xtra Ventilator

Suitable for:

PVCu

ALUMINIUM

TIMBER

The SF Xtra is a high performance, surface mounted aluminium slot ventilator. It is the shortest vent available to provide 5000mm² EA. This product is equally suitable for domestic and non-domestic applications.

There are two width variants, one for use over a 13mm slot, the other for a 16mm slot. The SF Xtra is also available in made-to-measure sizes or bar length for self-assembly.

All versions can be used with either a plastic or Aluminium Canopy.

SF Canopy

Features and Benefits

- Shortest vent available to provide 5000mm² EA*
- Simple construction to aid painting, self-assembly & fitting
- High performance gasket combined with compression closing action improves sealing in adverse conditions
- For use over a 13 or 16mm slot
- Ideal for retrofit applications, over a slot or series of holes**
- Ideal for use in non-domestic installations
- Available in bar length for cutting to size by customer (details on request)
- Bar length product available in mill finish for customer painting
- Special paint finishes available
- When specified correctly complies with Building Regulations
- Can be mounted to deflect air upwards or downwards

* This vent is designed for use where no protection from weathering required or for ventilation of a habitable room through another room or conservatory.

** This may not achieve the marked Equivalent Area.
