Asterion 3 Star Cylinder

User information:

This cylinder offers resistance to the commonly used types of attack. No specific security hardware is required, but installing this three star cylinder in conjunction with security hardware complying with TS 007 will increase attack resistance still further.

Security hardware can be of several types, including a handle with a reinforced backplate, an escutcheon or a device which is concealed behind the handle backplate. In all cases, the purpose is to protect your cylinder from force attack.
